Re: Career Pathways

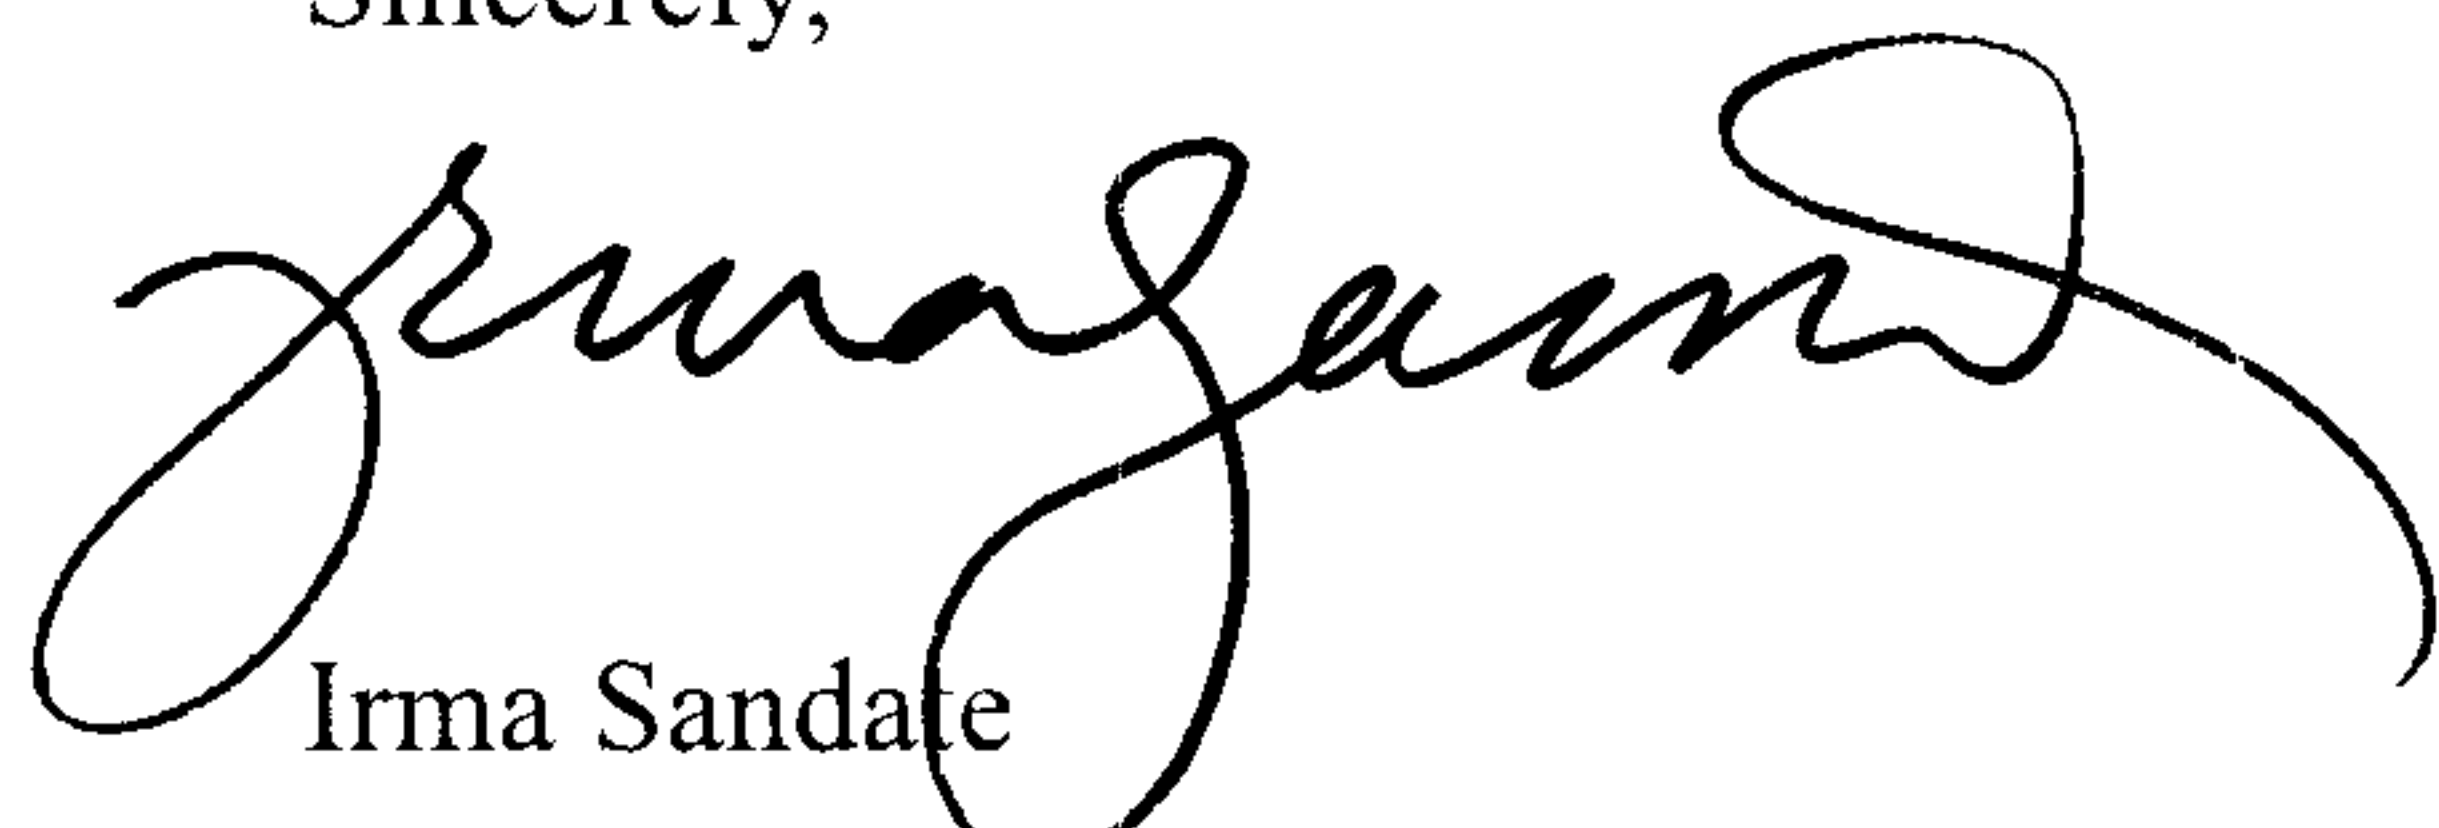

To Whom It May Concern:

Our third grade bilingual mathematics teacher, Mr. Luis Nativi, has served as a Career Pathways differentiation coach during the 2016-2017 school year. During that time, he has supported teachers with:

- familiarization with the District HUB portal;
- lesson planning;
- data analysis and transferring the analysis to differentiation of instruction;
- presentation at PLC meeting; and
- presentation at faculty meeting on creating EdPlan reports.

His support has been welcomed by teachers and helpful in the area of professional development.

Sincerely,

Irma Sandate
Principal
